The train station is a ten-minute walk to the Exeter campus and to the Exeter Inn. For campus, turn left from the station parking lot; turn right on Main Street, then right again at Tan Lane, from where you will be able to spot the Academy Building (see below). For the Exeter Inn, turn right from the station lot, then left on Front Street; the Inn is across the street one block farther along Front St.

Car

From West

Reach NH Rte. 101 by I-93 or other connecting highway and exit onto 101 East. Take Exit #10 for NH 85 (south) and turn right at top of exit ramp. This road will end at a T-junction. LARGEST PARKING LOT's entrance is on the left just before this T-junction. If you miss it, turn left at the T and take the first left (between two brick buildings) to enter the same lot.

From North or South

Take I-95N or S as appropriate to NH exit #2, which is just before the (“Hampton”) Toll Booth on 95. Follow the exit ramp through a (different) toll booth (Easy-Pass or 75 cents) and take the right-hand fork for 101 West. Take the third exit (#10) for NH 85 (south); turn left at the top of the exit ramp. This road will end at a T-junction. LARGEST PARKING LOT's entrance is on the left just before this T-junction. If you miss it, turn left at the T and take the first left (between two brick buildings) to enter the same lot.

To continue a little closer to campus, turn right at the T-junction and proceed uphill. Take first left (Tan Lane).

PARKING is available, in addition to LARGEST PARKING LOT described above:
